- (a) Net investment income per share has been calculated based on average shares outstanding during the periods.
- (b) Realized and unrealized gains and losses per share in the caption are balancing amounts necessary to reconcile the change in net asset value per share for the periods, and may not reconcile with the aggregate gains and losses in the Statement of Operations due to share transactions for the periods.
- (c) Not annualized for periods less than one year.
- (d) Annualized for periods less than one year.
- (e) Portfolio turnover rate excludes in-kind transactions.
- (f) Unaudited.
- (g) The Fund acquired all the assets and liabilities of the Predecessor ETF in a reorganization on April 4, 2025. The Predecessor ETF's performance and financial history have been adopted by the Fund and will be used going forward. As a result, the information up to and including April 4, 2025, reflects that of the Predecessor ETF. As a part of the reorganization, the Fund had a conversion ratio 1.5557401:1 after the close of business April 4, 2025. See Note 1 in the accompanying Notes to Financial Statements. Share amounts for all periods have been adjusted to reflect the conversion ratio of 1.55574011:1.
- (h) Non-affiliate reimbursed the Fund \$72,000 for errors during processing. The reimbursement had a 0.07% impact to the Fund's performance.
- (i) Fiscal year end changed to March 31, effective February 1, 2023.
- (j) The Predecessor ETF acquired all the assets and liabilities of the Change Finance ESG ETF, a series of ETF Series Solutions (the "Change Finance ETF"), in a reorganization on March 18, 2022. The Change Finance ETF's performance and financial history were adopted by the Predecessor ETF. Financial information from October 9, 2017 through March 18, 2022 reflects that of the Change Finance ETF.

The accompanying notes are an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS
September 30, 2025 (Unaudited)

NOTE 1 – ORGANIZATION

Stance Sustainable Beta ETF (the “Fund”) is a series of the EA Series Trust (the “Trust”), which was organized as a Delaware statutory trust on October 11, 2013. The Trust is registered with the Securities and Exchange Commission (“SEC”) under the Investment Company Act of 1940, as amended (the “1940 Act”), as an open-end management investment company and the offering of the Fund’s shares (“Shares”) is registered under the Securities Act of 1933, as amended (the “Securities Act”). The Fund is considered diversified under the 1940 Act. The Fund qualifies as an investment company as defined in the Financial Accounting Standards Codification Topic 946-Financial Services- Investment Companies. The Fund’s investment objective is to track the performance, before fees and expenses, of the Change Finance Diversified Impact U.S. Large Cap Fossil Fuel Free Index (the “Index”). See the Fund’s Prospectus and Statement of Additional Information regarding the risks of investing in shares of the Fund.

The Fund acquired all the assets and liabilities of the Predecessor ETF in a reorganization on April 4, 2025. The Predecessor ETF’s performance and financial history have been adopted by the Fund and will be used going forward. As a result, the information up to and including April 4, 2025, reflects that of the Predecessor ETF. As a part of the reorganization, the Fund had a conversion ratio 1.5557401:1 after the close of business April 4, 2025. For financial reporting purposes, assets received and shares issued by the Fund as part of the reorganization were recorded at fair value; however, for tax purposes the cost basis of the investments received from the Predecessor ETF was carried forward to align ongoing reporting of the Fund’s realized and unrealized gains and losses with amounts distributable to shareholders for tax purposes. Costs incurred by the Fund in connection with the reorganization were paid by the Sub-Adviser. The fiscal year end of the Predecessor ETF and the Fund is March 31.

As of April 4, 2025, the net assets of the Predecessor ETF were \$114,325,856, including (\$4,601,517) of net unrealized depreciation of investments, and the net assets of the Fund were \$14,562,209, including (\$1,499,982) of net unrealized depreciation of investments, all of which were merged in the Fund at the closing of the reorganization. The transfer of net assets resulted in the creation of 673,750 additional shares of the Fund and a NAV per share of the Fund of \$21.61 at the closing of the reorganization. The reorganization was accomplished by a tax-free exchange of shares. The reorganization did not result in a material change to the Fund’s investment portfolios as compared to that of the Fund. There are no material differences in accounting policies of the Predecessor ETF as compared to that of the Fund. The Fund did not purchase or sell securities following the reorganization for purposes of realigning its investment portfolio. Accordingly, the acquisition of the Predecessor ETF did not affect the Fund’s portfolio turnover ratio for the period ended September 30, 2025.

The Predecessor ETF acquired all the assets and liabilities of the Change Finance ESG ETF, a series of ETF Series Solutions (the “Change Finance ETF”), in a reorganization on March 18, 2022. The Change Finance ETF’s performance and financial history were adopted by the Predecessor ETF. Financial information from October 9, 2017 (the commencement of operations of the Change Finance ETF) through March 18, 2022 reflects that of the Change Finance ETF.

Shares of the Fund are listed and traded on The Nasdaq Stock Market LLC (the “Exchange”). Market prices for the shares may be different from their net asset value (“NAV”). The Fund issues and redeems shares on a continuous basis at NAV only in blocks of 10,000 shares, called “Creation Units.” Creation Units are issued and redeemed principally in-kind for securities included in a specified universe. Once created, shares generally trade in the secondary market at market prices that change throughout the day in share amounts less than a Creation Unit. Except when aggregated in Creation Units, shares are not redeemable securities of the Fund. Shares of the Fund may only be purchased or redeemed by certain financial institutions (“Authorized Participants”). An Authorized Participant is a participant of a clearing agency registered with the SEC, which has a written agreement with the Trust or one of its service providers that allows the authorized participant to place orders for the purchase and redemption of creation units. Most retail investors do not qualify as Authorized Participants nor have the resources to buy and sell whole Creation Units. Therefore, they are unable to purchase or redeem the shares directly from a Fund. Rather, most retail investors may purchase Shares in the secondary market with the assistance of a broker and are subject to customary brokerage commissions or fees.

Authorized Participants may be required to pay a transaction fee to compensate the Trust or its custodian for costs incurred in connection with creation and redemption transactions. Certain transactions consisting all or partially of cash may also be subject to a variable charge, which is payable to the relevant Fund, of up to 2.00% of the value of the order in addition to the

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
September 30, 2025 (Unaudited)

transaction fee. A Fund may determine to waive the variable charge on certain orders when such waiver is determined to be in the best interests of Fund shareholders. Transaction fees received by a Fund, if any, are displayed in the Capital Share Transactions sections of the Statements of Changes in Net Assets.

The end of the reporting period for the Fund is September 30, 2025, and the period covered by these Notes to Financial Statements is from April 1, 2025 to September 30, 2025 (the “current fiscal period”).

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund. These policies are in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

- A. *Security Valuation.* Equity securities that are traded on a national securities exchange, except those listed on the NASDAQ Global Market® (“NASDAQ”) are valued at the last reported sale price on the exchange on which the security is principally traded. Securities traded on NASDAQ will be valued at the NASDAQ Official Closing Price (“NOCP”). If, on a particular day, an exchange-traded or NASDAQ security does not trade, then the most recent quoted bid for exchange-traded or the mean between the most recent quoted bid and ask price for NASDAQ securities will be used. Equity securities that are not traded on a listed exchange are generally valued at the last sale price in the over-the-counter market. If a non-exchange traded security does not trade on a particular day, then the mean between the last quoted closing bid and asked price will be used. Prices denominated in foreign currencies are converted to U.S. dollar equivalents at the current exchange rate, which approximates fair value. Redeemable securities issued by open-end investment companies are valued at the investment company’s applicable net asset value, with the exception of exchange-traded open-end investment companies which are priced as equity securities. Fair values for debt securities, including asset-backed securities (“ABS”), collateralized loan obligations (“CLO”), collateralized mortgage obligations (“CMO”), corporate obligations, whole loans, and mortgage-backed securities (“MBS”) are normally determined on the basis of valuations provided by independent pricing services. Vendors typically value such securities based on one or more inputs, including but not limited to, benchmark yields, transactions, bids, offers, quotations from dealers and trading systems, new issues, spreads and other relationships observed in the markets among comparable securities; and pricing models such as yield measurers calculated using factors such as cash flows, financial or collateral performance and other reference data. In addition to these inputs, MBS and ABS may utilize cash flows, prepayment information, default rates, delinquency and loss assumptions, collateral characteristics, credit enhancements and specific deal information. Reverse repurchase agreements are priced at their acquisition cost, and assessed for credit adjustments, which represents fair value. Futures contracts are carried at fair value using the primary exchange’s closing (settlement) price.

Subject to its oversight, the Trust’s Board of Trustees (the “Board”) has delegated primary responsibility for determining or causing to be determined the value of the Fund’s investments to Empowered Funds, LLC dba EA Advisers (the “Adviser”), pursuant to the Trust’s valuation policy and procedures, which have been adopted by the Trust and approved by the Board. In accordance with Rule 2a-5 under the 1940 Act, the Board designated the Adviser as the “valuation designee” of the Fund. If the Adviser, as valuation designee, determines that reliable market quotations are not readily available for an investment, the investment is valued at fair value as determined in good faith by the Adviser in accordance with the Trust’s fair valuation policy and procedures. The Adviser will provide the Board with periodic reports, no less frequently than quarterly, that discuss the functioning of the valuation process, if applicable, and that identify issues and valuation problems that have arisen, if any. As appropriate, the Adviser and the Board will review any securities valued by the Adviser in accordance with the Trust’s valuation policies during these periodic reports. The use of fair value pricing by the Fund may cause the net asset value of its shares to differ significantly from the net asset value that would be calculated without regard to such considerations. For the current fiscal period, the Fund did not hold any securities that required fair valuation due to unobservable inputs.

As described above, the Fund may use various methods to measure the fair value of their investments on a recurring basis. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

STANCE SUSTAINABLE BETA ETF

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
September 30, 2025 (Unaudited)

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available; representing the Fund’s own assumptions about the assumptions a market participant would use in valuing the asset or liability and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a summary of the fair value classification of the Fund’s investments as of the current fiscal period end:

DESCRIPTION	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Investments				
Exchange Traded Funds	\$ 133,000,021	\$ —	\$ —	\$ 133,000,021
Real Estate Investment Trusts	2,660,160	—	—	2,660,160
Rights	—	—	0 ^{(a)(b)}	0 ^{(a)(b)}
Money Market Funds	220,189	—	—	220,189
Total Investments	\$ 135,880,370	\$ —	\$ 0^{(a)(b)}	\$ 135,880,370

^(a) Represents less than \$0.50.

^(b) Management has decided that the amount of Level 3 securities compared to total net assets is not material to the Fund; therefore, the roll forward of Level 3 securities and assumptions are not shown for the current fiscal period for the Fund.

Refer to the Schedule of Investments for further disaggregation of investment categories.

During the current fiscal period, the Fund did not invest in any Level 3 investments and recognized no transfers to/from Level 3. Transfers between levels are recognized at the end of the reporting period.

- B. *Federal Income Taxes.* The Fund’s policy is to comply with the provisions of Subchapter M of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies and to distribute substantially all of their net investment income and net capital gains to shareholders. Therefore, no federal income tax provision is required. Each Fund plans to file U.S. Federal and various state and local tax returns.

The Fund recognizes the tax benefits of uncertain tax positions only when the position is more likely than not to be sustained. Management has analyzed the Fund’s uncertain tax positions and concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions. Management is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
September 30, 2025 (Unaudited)

materially in the next 12 months. Income and capital gain distributions are determined in accordance with federal income tax regulations, which may differ from U.S. GAAP. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits on uncertain tax positions as income tax expenses in the Statements of Operations. During the current fiscal period, the Fund did not incur any interest or penalties.

- C. *Security Transactions and Investment Income.* Investment securities transactions are accounted for on the trade date. Gains and losses realized on sales of securities are determined on a specific identification basis. Dividend income is recorded on the ex-dividend date, net of any foreign taxes withheld at source. Interest income is recorded on an accrual basis. Withholding taxes on foreign dividends have been provided for in accordance with the Fund's understanding of the applicable tax rules and regulations.

Distributions received from the Fund's investments in REITs and MLPs may be characterized as ordinary income, net capital gain, or return of capital. The proper characterization of such distributions is generally not known until after the end of each calendar year. As such, the Fund must use estimates in reporting the character of their income and distributions for financial statement purposes. Such estimates are based on historical information available from each MLP and other industry sources. The actual character of distributions to the Fund's shareholders will be reflected on the Form 1099 received by shareholders after the end of the calendar year. Due to the nature of such investments, a portion of the distributions received by the Fund's shareholders may represent a return of capital.

Distributions to shareholders from net investment income for the Fund are declared and paid on an annual basis and distributions to shareholders from net realized gains on securities normally are declared and paid on an annual basis. Distributions are recorded on the ex-dividend date. The Fund may distribute more frequently, if necessary, for tax purposes.

- D. *Use of Estimates.* The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of increases and decreases in net assets from operations during the period. Actual results could differ from those estimates.
- E. *Share Valuation.* The NAV per share of the Fund is calculated by dividing the sum of the value of the securities held by the Fund, plus cash and other assets, minus all liabilities (including estimated accrued expenses) by the total number of shares outstanding for the Fund, rounded to the nearest cent. The Fund's shares will not be priced on the days on which the New York Stock Exchange ("NYSE") is closed for regular trading. The offering and redemption price per share for the Fund is equal to the Fund's net asset value per share.
- F. *Guarantees and Indemnifications.* In the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. Additionally, as is customary, the Trust's organizational documents permit the Trust to indemnify its officers and trustees against certain liabilities under certain circumstances. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be against the Fund that have not yet occurred. As of the date of this report, no claim has been made for indemnification pursuant to any such agreement of the Fund.
- G. *Segment Reporting:* The Fund adopted Financial Accounting Standards Board Update 2023-07, Segment Reporting (Topic 280) – Improvements to Reportable Segment Disclosures ("ASU 2023-07") during the current fiscal period. The Fund's adoption of the new standard impacted financial statement disclosures only and did not affect the Fund's financial position or results of operations.

The Treasurer (principal financial officer) acts as the Fund's Chief Operating Decision Maker ("CODM") and is responsible for assessing performance and allocating resources with respect to the Fund. The CODM has concluded that the Fund operates as a single operating segment since the Fund has a single investment strategy as disclosed in its prospectus, against which the CODM assesses performance. The financial information provided to and reviewed by the CODM is presented within the Fund's financial statements.

STANCE SUSTAINABLE BETA ETF

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) September 30, 2025 (Unaudited)

- H. *Reclassification of Capital Accounts.* GAAP requires that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. The Fund’s realized net capital gains resulting from in-kind redemptions, in which shareholders exchanged Fund shares for securities held by the Fund rather than for cash, are not taxable to the Fund and are not distributed to shareholders. As such, they have been reclassified from distributable earnings to paid-in capital. For the fiscal year ended March 31, 2025, the following table shows the reclassifications made for the Predecessor ETF:

<u>Distributable Earnings</u>	<u>Paid-in Capital</u>
\$ (12,953,878)	\$ 12,953,878

- I. *New Accounting Pronouncement:* In December 2023, the FASB issued ASU 2023-09 Income Taxes (Topic 740): Improvements to Income Tax Disclosures. Effective for annual periods beginning after December 15, 2024, the amendments require greater disaggregation of disclosures related to income taxes paid. The ASU allows for early adoption and amendments should be applied on a prospective basis. Management is currently evaluating the impact of the ASU but does not expect this guidance to materially impact the consolidated financial statements.

NOTE 3 – COMMITMENTS AND OTHER RELATED PARTY TRANSACTIONS

Empowered Funds, LLC dba EA Advisers (the “Adviser”) serves as the investment adviser to the Fund. Pursuant to an investment advisory agreement (the “Advisory Agreement”) between the Trust, on behalf of the Fund, and the Adviser, the Adviser provides investment advice to the Fund and oversees the day-to-day operations of the Fund, subject to the direction and control of the Board and the officers of the Trust. Under the Advisory Agreement, the Adviser is also responsible for arranging transfer agency, custody, fund administration and accounting, and other non-distribution related services necessary for the Fund to operate. The Adviser administers the Fund’s business affairs, provides office facilities and equipment and certain clerical, bookkeeping and administrative services. The Adviser agrees to pay all expenses incurred by the Fund except for the fee paid to the Adviser pursuant to the Advisory Agreement, payments under any distribution plan adopted pursuant to Rule 12b-1, brokerage expenses, acquired fund fees and expenses, taxes (including tax-related services), interest (including borrowing costs), litigation expense (including class action-related services) and other non-routine or extraordinary expenses. Per the Advisory Agreement, the Fund pays an annual rate of 0.49% to the Adviser monthly based on average daily net assets.

Stance Capital LLC (the “Sub-Adviser”) serves as the investment sub-adviser to the Fund. Pursuant to an investment sub-advisory agreement (the “Sub-Advisory Agreement”) among the Trust, the Adviser, and the Sub-Adviser, the Sub-Adviser is responsible for determining the investment exposures for the Fund, subject to the overall supervision and oversight of the Adviser and the Board.

U.S. Bancorp Fund Services, LLC (“Fund Services” or “Administrator”), doing business as U.S. Bank Global Fund Services, acts as the Fund’s Administrator and, in that capacity, performs various administrative and accounting services for the Fund. The Administrator prepares various federal and state regulatory filings, reports and returns for the Fund, including regulatory compliance monitoring and financial reporting; prepares reports and materials to be supplied to the trustees; monitors the activities of the Fund’s Custodian, transfer agent and fund accountant. Fund Services also serves as the transfer agent and fund accountant to the Fund. U.S. Bank N.A. (the “Custodian”), an affiliate of the Administrator, serves as the Fund’s Custodian.

NOTE 4 – PURCHASES AND SALES OF SECURITIES

For the current fiscal period, purchases and sales of securities for the Fund, excluding short-term securities and in-kind transactions, were as follows:

<u>Purchases</u>	<u>Sales</u>
\$ 66,490,495	\$ 65,265,909

STANCE SUSTAINABLE BETA ETF

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
September 30, 2025 (Unaudited)

For the current fiscal period, in-kind transactions associated with creations and redemptions were as follows:

Purchases	Sales
\$ 32,219,518	\$ 57,727,000

There were no purchases or sales of U.S. Government securities during the current fiscal period.

NOTE 5 – TAX INFORMATION

The components of tax basis cost of investments and net unrealized appreciation (depreciation) for federal income tax purposes for the fiscal year ended March 31, 2025 for the Predecessor ETF were as follows:

Tax cost of Investments	\$ 109,951,437
Gross tax unrealized appreciation	19,995,495
Gross tax unrealized depreciation	(5,089,982)
Net tax unrealized appreciation (depreciation)	\$ 14,905,513
